A LETTER FROM THE PRESIDENT

Dear Customer,

Roloff Manufacturing is proud to present our Anchor & Dock Fitting Product Line Catalog. We continually strive to provide our customers with the finest quality anchors and dock fittings on the market. Our high quality products are the result of nearly seventy years of hard work and innovation. Starting with my grandfather in 1944, we have, for three generations, consistently produced and developed the most innovative and dependable anchors and dock fittings available. From our original River Special three-pronged anchor, to our long-lasting, durable, vinyl coating; the only thing better than our products is the top-notch customer service and competitive pricing that one can always depend on when dealing with Roloff Manufacturing.

We, at Roloff Manufacturing, would like to thank you for taking the time to review our product line and look forward to helping you with all of your anchor and dock fitting needs.

Sincerely,

David H. Roloff
President

ROLOFF ANCHORS

RIVER SPECIAL VINYL COVERED - R.S.V.C.

Supreme coated bonded vinyl plastic anchor. For use on muck, sand and weed bottoms. It has excellent holding power in stone and gravel. It is quiet and practical. The heaviest durable coating in the industry deadens sound in your boat.

- D.D.A. No.2 (3/4 lb.) Aluminum Finish Per Doz.
- D.D.A. No.3 (3/4 lb.) Aluminum Finish Per Doz.
- D.D.A. No.4 (1/2 lb.) Aluminum Finish Per Doz.

BEACH ANCHOR

This beach anchor (8BADH) is designed to fit your needs of compact storage and easy assembly. It is the ideal anchor for the houseboaters and pontoon boaters who love anchoring to the river shoreline. Just turn the handle to sink the anchor then fasten your rope around the rod and pipe. Personal water crafts use this to hold their craft in place. To store this anchor you remove the cap, pull the pin, remove the washer and shaft and put all three pieces down inside the 1-1/4" pipe and replace the cap over the open end. Quick, simple and neat storage, only 25" long made out of steel pipe or 24" long made out of P.V.C. pipe.
